

January

Hello 5th Grade Explorer Parents!

Capturing Kids Hearts

Parents, as we return to our third quarter of school, we have been reviewing our relationships and the impact we have daily on each others lives. Students were asked to produce words that were important to them & that they believed every student deserved to be treated - no matter there differences. These words hang in our classroom, as our social contract, as a reminder of the role model we wish to be to each other.. We encourage you to discuss with your child what these words mean to them, what they have to share is amazing! ❤️

Illness

There have been a lot of “bugs” going around! We continue to encourage the students to wash their hands and be mindful of germs here at school. As a reminder, if your child is home sick, please send either a handwritten note or a message through dojo so the absence can be excused through attendance.

Classroom Website

Our grade level has a website. Please follow the link below to have access to curriculum, tools, and websites we are using in the classroom to reinforce learning. You can also find important documents, newsletters, schedules, contact information, and many other resources to help your student at home.

Important Dates

January 18	Early Release @ 1:15
January 21	No School: MLK Jr. Day
February 1	Class Group Pictures
February 15	Early Release @ 1:15
March 4-5	Spirit Week
March 7	Math Night 6-7
March 8	Early Release @ 1:15

Curriculum

Language Arts: Students began the third quarter identifying main idea and supporting evidence/examples through an investigation into the life of Jackie Robinson and his role in the desegregation of major league baseball

Math: Students began the third quarter investigation metric measurements and conversions. Students will continue the quarter adding, subtracting, multiplying, and dividing fractions with unlike denominators.

Science & Social Studies: In Social Studies students conduct a self guided study on a major event of the civil war as they learn about its impacts on our nation. In Science students continue their study on weather and weather systems.
